

Let's Serve Together

Greetings,

It is so hard to believe that just over a month ago we were celebrating ACA and Aidan graduation 2022. I cannot be prouder of our graduating class; many of whom have already enrolled in their next degree program.

One of the things we promised was to make available all breakout sessions and the messages of our banquet and commencement speakers. As a bonus to the digital package, every graduate receiving their degree or ACA certification will also have access to the group photo of the graduating class.

Click to access the [Graduation Photo Album & Conference Videos](#) with a small fee.

All of us at ACA and Aidan U are wishing everyone a blessed remainder of the summer producing great fruit as you apply what you have learned at the conference and from one another.

Grace & Peace,
Dr. Charles Travis & Dr. Jack Kelly
